U.S. Refuses To Swap 35 Chinese Students In America For 11 U.S. Airmen Imprisoned Inside China

Multi-Company Deal Would Link Gas Resources Of Canada and The U.S.

(By The Associated Press)

Both Canada and New Mexico may supply natural gas to Pacific Northwest cities under terms of a multi-company deal announced Monday.

The transaction, subject to Federal Power Commission approval, would provide the first linking of gas resources of two nations.

Ray C. Fish, of Houston, Tex., chairman of Pacific Northwest Pipeline Corp., said at Tulsa his company plans to buy 300 million cubic feet of gas a day from the Westcoast Transmission Co., Ltd., a former rival.

The Westcoast Company, headed by Frank McMahon of Calgary, Alta. under the agreement will build a pipeline from the Peace River fields to a point on the border near Sumas, Wash., to serve Vancouver, B.C., and other British Columbia communities.

Another part of the deal provides the Pacific Northwest Company will sell 250 million cubic feet of gas daily to the El Paso Natural Gas Co. for delivery to California over lines now operated by the Texas firm. The gas is expected to be taken from San Juan supplies.

Will Welcome Xmas Day Visit by Hollywood Stars But Not The Reason For It

MOUNTAIN HOME, Idaho, (AP) — Hollywood, take a lesson in geography from the city of Mountain Home.

Herman Hass, president of the Chamber of Commerce, says he plans to write a letter to the Hollywood Coordinating Committee, an organization which announced Sunday it will send a group of movie stars to Mountain Home Air Force Base on Christmas day.

Hass says he thinks that's a fine idea, but he told a reporter he doesn't think much of one of the reasons the committee gave for the trip: that the base is 55 miles from the nearest settlement.

"They must think we're a bunch of cowboys and Indians," said Hass, who lives about 11 miles from the base, along with about 5,000 other residents.

Fine Job Printing at The Nugget

WASHINGTON, (AP) — The United States Tuesday ruled out any deal with Red China to swap 35 Chinese students in America for the 11 U.S. airmen imprisoned inside China.

State Department press officer Lincoln White told newsmen, "There will be no deal."

White's comments came in reply to questions about a Peiping radio broadcast which carried a broad hint Red China was trying to coax the United States into a deal.

The Red broadcast alluded to the 11 U.S. airmen held as "spies" and said the United States would be flouting international law if it held the 35 Chinese students in retaliation for the jailing of the airmen.

The way the two matters were linked was interpreted by some diplomats at the United Nations as meaning the Chinese Communists were seeking to play a hostage game while trying to save face and put the onus on the United States.

White said the airmen and the Chinese students were in entirely different categories. The airmen, shot down and captured two years ago during the Korean war, are legally prisoners of war and entitled to full international rights as such, he said. The students are civilians whose cases are still under study, he added.

The Chinese students have been in this country since before the Communists took over in China in 1949. Last May 26 at Geneva, Red China delegate Huang Hua told a news conference the U. S. was holding 5,000 Chinese students.

Arthur Garfield Hays, Famous Civil Rights Fighter, Dies At Age 73

NEW YORK, (AP) — Arthur Garfield Hays, who won fortune as a corporation lawyer and fame as a civil rights fighter, died Tuesday. His death, two days after his 73rd birthday, occurred at New York Hospital. The cause was not given.

An associate said Hays had entered the hospital some time ago for a rest.

Hays as an attorney made millions as a corporate lawyer on Wall Street, but he perhaps was best known for his work in civil liberties cases.

He joined the American Civil Liberties Union as counsel in the early 1920's.

Ike Pays Tribute To Newsmen Who Have Died Abroad

NEW YORK, (AP) — President Eisenhower paid tribute to the American newspaperman last night, calling him a "valiant warrior for the truth that makes men free."

In the unending struggle to maintain our freedom, the American reporter is ever in the front line," Eisenhower said. "For as long as faith and knowledge endure, freedom is certain to survive."

The President appeared on a filmed, 90-minute television program, climaxing day-long dedication ceremonies of a new memorial press center of the Overseas Press Club. The center honors newspapermen who died abroad in line of duty.

"Through many years, I have had good reason to count the press corps as a vital arm of the forces of freedom," the President said.

"In war, I saw its members strive tirelessly, endure hardship, dare battlefield peril that our people might be fully and quickly informed; on every front, they were worthy comrades of our fighting men."

"Now, as President, I find that each day emphasizes anew the fairness, the discernment, the dedication of the American reporter. In peace, he is still a valiant warrior for the truth that makes men free."

A cast of entertainers, who appeared on the television show, "the dateline," included Bob Hope, Sid Caesar, Martha Raye, and John Daly.

During the ceremonies, former presidents of the organization unveiled four plaques with names of 32 newsmen who have died abroad while searching for news.
